

## Tritex Conveyor Strip

### Technical Information Sheet

Stock Code PEPX64000KRH10

A heat resistant needle felt pad to minimise damage to aluminium profiles during transportation immediately after the extrusion press. The pad is easy to fit and has a high wear resistance. Gives a long service life at elevated temperatures.

<b>APPLICATION</b>	Tritex strips for walking beams and slat conveyor for aluminium extrusion run out tables
<b>COMPOSITION</b>	Needlefelt, comprised of 100% para-aramid fibre, resin hardened
<b>OPERATING TEMPERATURE</b>	Can be operated at up to 550°C
<b>NEEDLEFELT PARAMETERS</b>	10 mm thick - 4000 g/m <sup>2</sup>
<b>AVAILABLE SIZES</b>	On request
<b>RESIN HARDENING</b>	All Tritex strips are available impregnated with a specially formulated resin-hardening system increasing the life and durability of the strip.
