

Tritex Conveyor Strip

Technical Information Sheet

Stock Code PEPX65250KRH15

A heat resistant needle felt pad to minimise damage to aluminium profiles during transportation immediately after the extrusion press. The pad is easy to fit and has a high wear resistance. Gives a long service life at elevated temperatures.

APPLICATION

Tritex strips for walking beams and slat conveyor for aluminium extrusion run out tables

COMPOSITION

Needlefelt, comprised of 100% para-aramid fibre then impregnated with a special resin hardener

OPERATING TEMPERATURE

Can be operated at up to 550°C

NEEDLEFELT PARAMETERS

15 mm thick - 5250 g/m²

AVAILABLE SIZES

On request

Hawarden Industrial Park Manor Lane Hawarden,
Flintshire CH5 3PZ
