

## Tritex Oven Mitt

### Technical Data Sheet

Stock Code M700PETB

A heat resistant mitt that is designed to protect the user during the manual handling of hot items. It is easy to put on and take off so will prevent injury to the wearer if the mitt is caught in machinery.

<b>Application</b>	Tritex mitt is for manual handling of items at elevated temps
<b>Composition</b>	The working surface has two layers of woven polyester. The third layer forms the pocket to insert your hand. All edges are over lock stitched with polyester thread. Made in blue, so as to be highly visible and with a metal detectable strip.
<b>Operating temp</b>	Protect the wearer form hot surfaces up to 220°C for short periods
<b>Material</b>	Single twist polyester yarn woven to 700gms / sq m
<b>Available Sizes</b>	230mm x 255mm
